

CREATE YOUR HOME

**WITH BEAUTIFUL EGGER PRO
LAMINATES**

- **Classic Laminate**
- **Laminate Aqua Clic It**
- **Laminate Aqua+**

High-quality laminate stands out, particularly in a healthy home

Anyone opting for a laminate floor from EGGER is choosing a floor of the highest quality, which will bring joy for many years and create a feel-good ambience in all areas. EGGER laminate flooring is optically very appealing and fully in keeping with new flooring trends.

In addition, our high-quality laminate is particularly durable, universally usable. Our laminate floors **Aqua+** and **Aqua CLIC it!** are even water-resistant. Because the environment is very important to us, in the production of our laminate flooring we only use timber from sustainably managed forests. With EGGER laminate you therefore have flooring that is healthy in the home.

Anyone who is in the process of renovation and wants to renovate their flooring, will find in our laminate flooring an optimal and cost-effective solution with simple installation, thanks to our **CLIC it!** click system.

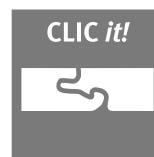

The most important benefits

- ✓ Particularly resilient and high-quality laminate
- ✓ High quality for the home thanks to our anti-static technology
- ✓ Laminate with the waterproof installation system Aqua CLIC it! is the water-resistant entry-level product for private spaces
- ✓ Aqua+ laminate is well suited to wet areas due to its anti-swelling protection
- ✓ Natural substances ensure a healthy indoor climate in the home
- ✓ Versatile in all spaces, both residential and commercial
- ✓ Simple laminate installation thanks to our flexible click system
- ✓ Laminate is available in tile, wood and concrete effect with a large selection of decors for every taste and style of living

Easily installed.

Easy to use: with the **CLIC it!** installation system, all our flooring is safe, quick and can be easily installed in any room. The profile of our flooring boards is design for the optimum fit whilst also offering additional protection against moisture ingress.

Features:

NEW

Laminate with Aqua CLIC it! technology

The new EGGER laminate flooring with Aqua CLIC it! technology is the ideal entry-level product for private use - perfectly suited for kitchens, bathrooms and hallways.

The Aqua CLIC it! connection system makes the floor waterproof. Thanks to the edge swelling protection in combination with a water-resistant surface and the wood-based Quellstop core board, the Laminate Flooring is protected against water penetration for 24 hours.

Relax, it's just water.

With EGGER Aqua+ we have developed a special technology that makes laminate water-resistant for up to 72 hours due to the Aqua+ coreboard with anti-swelling protection. Our product also provides a safe solution for large commercial areas with full-surface gluing.

Due to their high-quality processing and durability, Aqua+ laminate floors are ideally suited for kitchens, bathrooms as well as entrance areas and hallways. Besides wood decors, our laminate is available in tile effect, stone effect and also in marble decors.

A major benefit of our laminate for wet areas is the easy cleaning. We are convinced about the laminate quality of Aqua+ and give you a life-long guarantee for home use.

Structure

1. Resilient, highly abrasion-resistant surface
2. Decorative paper
3. AQUA + core board
4. Balancer
